Transformative Educational Leadership Program (TELP)

TELP 2019-20
Now accepting applications!

TELP is a cohort-based program for leaders in the K-12 system and other connected sectors, who are interested in system transformation.

This program is ideal for highly-motivated individuals who already have a masters degree and want to expand their world-view, gain new experiences and raise their academic credentials to new levels.

Through a blended, multi-access approach, TELP participants will participate in an opening weekend at UBC Vancouver in October 2019, followed by a series of weekend retreats and online interactions throughout the year, concluding with an on-campus event in July 2020.
