PROFESSIONAL DEVELOPMENT & COMMUNITY ENGAGEMENT
with UBC Faculty of Education

SUMMER LEARNING

After the sneak preview last month, we are very excited to announce the launch of our 2017 Summer Institutes!

Join us this summer to engage in an exceptional learning experience and develop expertise to take back to your students and classrooms. Summer Institutes are concentrated programs, developed and delivered by renown experts and subject area leaders from UBC and beyond. Our 2017 programs cover a wide range of topics.

New this year is the 2017 Alumni Choice Summer Institute. Thank you to everyone who completed the survey highlighting areas of professional learning that would be of most benefit to our education alumni. We are pleased to announce the 2017 Alumni Choice program as - Teaching to Diversity – UDL & The New BC Curriculum.

Summer Institutes enable teachers to complete a full course (3 credits, or a
certificate of participation) over a 1 or 2 week period, to develop or add a new skill to their toolbox, and to deeply engage with a community of learners.

Meet your professional goals this summer. Find the program of your choice and register early as many programs fill quickly.
